

R E M A R K S

This is to acknowledge that dependent Claims 12-15 were merely objected to in the above-identified Office Action, and were stated to be allowable if amended to independent form. In this regard, the Office Action identified the allowable subject matter of those claims. Each of Claims 12-15 has now been amended to include the limitations of the previous independent Claims 1, 9, 10, and 11, respectively, from which they depended, with the exception of the last two lines of those Claims which were not relied upon in the description of allowable subject matter.

Accordingly, each of Claims 12-15 are now believed to be unconditionally allowable as independent claims, and Claim 1, and 9-11, from which Claims 12-15 originally depended, have been cancelled.

The only other claims now pending in the application are dependent Claims 2-8 which have been amended herein to depend from allowable Claim 12.

In the Office Action it was required that the Title be amended, and that requirement has been responded to herein.

Finally, Figs. 1, 2A-2K, and 3A-3K, were objected to for not being identified as PRIOR ART. In this regard Replacement Sheets for those drawings are being filed herewith to identify those Figs. as PRIOR ART.

For these various reasons Applicants respectfully submit that each of the amended independent claims, as well as all of the dependent claims, are patentably distinct over the cited references. Accordingly, the issuance of a formal Notice of Allowance is solicited.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our address given below.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'J. Krause', written over a horizontal line.

Attorney for Applicants
